

In ESP, learning the four language skills depends on the learners' **NEEDS**. They can choose **ONE** of these **FOUR skills** (Listening, **S**peaking, **R**eading, or **W**riting) and the remaining **THREE** skills will support the needed one. The choice can be of **FOUR** conditional probabilities (**IF⁴**).

In a "five-paragraph essay", discuss the four conditional probabilities (**IF⁴**), and explain how the remaining three skills can help developing the needed skill in terms of **importance**, **activities** and **percentages**, in each probability.

Guiding Instructions

1. You should print the exam copy, and write the answer by hand,
2. Scan it, then send it ("only one time") in the teacher's professional email: n.ghodbane@univ-batna2.dz
3. Two or more identical answers will have **0/20**
4. The answer should be **YOURS: Simple language, your own words not CUT and PASTE** from other sources,
5. Do not exceed the limited spaces
6. **Finally, deadlines "one week" from 01/12/2021 till 08/12/2021**

**PRINT ONLY THE EXAM PAPER
AND WRITE MANUALLY YOUR
ANSWER.**
